[\[Return to top\]](#)

Healthcare and Public Health Sector

25. *April 24, Pittsburgh Tribune-Review* – (Pennsylvania) **Families, lawmakers target**

Pittsburgh VA leaders after critical Legionnaire's report. A report released April 23 by the Veterans Affairs' Office of Inspector General identifies failures in the Pittsburgh VA Healthcare System to monitor for Legionnaires' disease and the Legionella bacteria that caused it. The findings prompted lawmakers to demand consequences for Pittsburgh VA officials after the disease killed 5 out of the 21 people affected.

Source: <http://triblive.com/news/adminpage/3895338-74/legionella-legionnaires-system#axzz2RU1xDdgm>

26. *April 23, Los Angeles Times* – (Nevada) **L.A. investigates alleged patient dumping by Nevada.** Los Angeles began their own criminal investigation into allegations that Rawson-Neal Psychiatric Hospital in Las Vegas improperly discharged patients without proper arrangements for their care, housing, or medical treatment.

Source: <http://articles.latimes.com/2013/apr/23/local/la-me-patient-dumping-probe-20130424>

[\[Return to top\]](#)

Government Facilities Sector

27. *April 24, San Francisco Examiner* – (California) **Former S.F. State official accused of contract fraud.** A former San Francisco University director and the owner of Chemical and HazMat Technology were arrested and charged with 246 felony counts after authorities discovered they were part of a scheme that cost the school millions of dollars based on the company's exclusive contract with the university, during which, they both reaped the benefits.

Source: <http://www.sfexaminer.com/local/2013/04/former-sf-state-official-accused-contract-fraud>

28. *April 24, WUSA 9 Washington, D.C.* – (Maryland) **McKeldin Library evacuated after suspicious statement, according to University of Maryland police.** McKeldin Library on the University of Maryland, College Park campus was evacuated for 5 hours April 24 after university police investigated suspicious language spoken in the building.

Source: <http://www.wusa9.com/news/article/256319/373/Library-At-UMD-Evacuated-After-Suspicious-Statement->

29. *April 24, Prescott Daily Courier* – (Arizona) **Embry-Riddle student arrested after explosion on campus.** Authorities arrested an Embry-Riddle Aeronautical University student from a Prescott campus allegedly responsible for setting off an explosion in a residence hall parking lot April 23.

Source:

<http://www.dcourier.com/main.asp?SectionID=1&SubSectionID=1&ArticleID=118443>

30. *April 24, Detroit Free Press* – (Michigan) **Macomb's damaged county building could be closed 2 years for repairs.** An electrical fire that severely damaged the old Macomb County building in Mt. Clemens in April could be closed for 2 years while

repairs and necessary upgrades are made. The communication system that was crippled during the blaze is expected to be fully operational by the end of the week of April 22.
Source:

<http://www.mydesert.com/article/C4/20130424/NEWS05/304220121/Macomb-County-iphones-fire>

31. *April 24, Newark Star-Ledger* – (New Jersey) **Yet another bomb scar at a Montville school, at least sixth in NJ today.** Woodmont Elementary School in Montville Township was evacuated April 24 after receiving a bomb threat. School officials gave an all-clear after conducting a thorough search, in what was the latest of several hoax bomb scares received in Montville Township over the past few weeks.
Source: http://www.nj.com/morris/index.ssf/2013/04/yet_another_bomb_threat_in_mon.html
32. *April 24, Ogden Standard-Examiner* – (National) **Forest Service gets new wildfire tool in time for season.** The U.S. Forest Service has installed an updated version of the Autonomous Modular Sensor (AMS) on a Cessna Citation Jet to help them detect wildfires and conduct post-burn assessments. The modified version has a host of new capabilities that will allow firefighters to request overnight flights and transmit data in real-time to crews on the ground in order to analyze and improve decision making.

Emergency Services Sector

33. *April 25, KMGH 7 Denver* – (Colorado) **\$600,000 settlement to be paid to inmates injured in riot at Crowley County Correctional Facility.** Corrections Corporation of America, the private company that owns Crowley County Correctional Facility in Colorado, settled claims with 193 inmates for \$600,000 regarding a 2004 prison riot. The inmates assert that they had warned prison guards of the impending riot and were mistreated by staff until they were able to control the incident.
Source: <http://www.thedenverchannel.com/news/local-news/settlement-expected-in-crowley-county-correctional-facility-riot>
34. *April 24, Southington Patch* – (Connecticut) **Officials: Study found no threat of contaminants in police building.** The Southington Police Department hired Hygenix, Inc., of Stamford to conduct an investigation into the department's building due to an unusually high rate of cancer among employees. The company determined there were no unexpected volatile chemicals or radon within the department.
Source: <http://southington.patch.com/groups/police-and-fire/p/officials-study-found-no-threat-of-contaminants-in-police-building>

[\[Return to top\]](#)

Information Technology Sector

35. *April 24, The H* – (International) **WordPress cache plugins enabled remote PHP execution.** WordPress posted details of a previously-reported vulnerability in the WP Super Cache and W3 Total Cache plugins that allowed remote users to execute arbitrary PHP on servers.
Source: <http://www.h-online.com/security/news/item/WordPress-cache-plugins-enabled-remote-PHP-execution-1848961.html>
36. *April 24, Softpedia* – (International) **Number of DDOS attacks increased by 200% in 2012, study shows.** Akamai's fourth quarter 2012 State of the Internet report found that distributed denial of service (DDoS) attack increased by 200% compared to 2011, and detailed other DDoS findings.
Source: <http://news.softpedia.com/news/Number-of-DDOS-Attacks-Increased-by-200-in-2012-Study-Shows-348170.shtml>
37. *April 23, Forbes* – (International) **Researcher's serial port scans find more than 100,000 hackable devices, including traffic lights and fuel pumps.** A researcher from Rapid7 presented findings to the Infosec Southwest conference detailing how attackers could compromise various older devices that utilize serial ports connected to networking equipment. He found that devices set up in this manner had poor security and control varied operations including heating and cooling systems, point-of-sale (PoS) devices, and fuel pumps, among others.
Source: <http://www.forbes.com/sites/andygreenberg/2013/04/23/researchers-serial-port-scans-find-more-than-100000-hackable-devices-including-traffic-lights-and-fuel-pumps/>

[\[Return to top\]](#)

Dams Sector

41. *April 24, WRSP 55 Springfield* – (Illinois) **Levee districts and Army engineers battle the Illinois River.** The U.S. Army Corps of Engineers, levee district officials, volunteers, and department of corrections inmates helped build up levees near Valley City after forecasts projected the Illinois River to crest above the height of several levees.

Source: <http://www.foxillinois.com/news/local/Levee-Districts-and-Army-Engineers-Battle-the-River-204482271.html>

42. *April 24, Associated Press* – (National) **Cautious relief in Midwest as river levels fall.** Homeowners, business owners, and city officials began assessing the damage to their respective properties as flooding in the Midwest began to recede in some areas, while others continued preparations for rising waters elsewhere. Authorities remained concerned about inundated earthen levees and sandbag walls.

Source: <http://abcnews.go.com/US/wireStory/cautious-relief-peoria-water-levels-fall-19031508#.UXli4bXvtKA>

43. *April 24, Alton Telegraph* – (Illinois) **Flooding prompts work along Berm Highway.** The U.S. Army Corps of Engineers, geotechnical engineers and subcontractors worked to repair parts of Illinois Route 143 (River Heritage Parkway/Berm Highway) to address uneven water pressure between an overflow area and the levee in an effort to reduce the flooding's threat to the integrity of the levee.
Source: http://www.thetelegraph.com/news/local/article_23b77b4a-ac79-11e2-8791-001a4bcf6878.html
44. *April 24, Associated Press* – (Indiana) **Heavy rains trigger more Indiana flood warnings, but waters aren't expected to rise too high.** An additional inch of rain April 24, challenged communities throughout Indiana already dealing with overflowing rivers and record rainfall, and prompted officials in Vincennes, concerned about seepage, to monitor the Brevoort Levee, a 33-mile earthen structure currently protecting an industrial park, hundreds of homes, and 50,000 acres of farmland.
Source: <http://www.therepublic.com/view/story/2b417ea910d845ccaaed525789dbfb22/IN--Indiana-Flooding>
45. *April 23, Corning Leader* – (New York) **Senator: Dam threat to Southern Tier.** A report released by a U.S. Senator challenged the safety of more than 1,000 upstate New York dams and their communities, including two dozen dams, half of which do not have an emergency-action plan in case of a breakage.
Source: <http://www.steubencourier.com/topstories/x1641168242/Schumer-Dams-threat-to-Southern-Tier>
46. *April 22, KUOW 94.9 Seattle* – (Washington) **Sediment woes for Port Angeles Water Treatment Facility put Elwha Dam removal on hold.** The release of sediment stored behind one of two dams on the Elwha River scheduled to be removed has clogged the water treatment facilities of Port Angeles and prompted a temporary halt to their removal.
Source: <http://earthfix.kuow.org/communities/article/sediment-woes-for-port-angeles-water-treatment-fac/>
