Energy Sector

1. *July 20, Las Vegas Review-Journal* – (Nevada) **Massive thunderstorm slams Las Vegas, leaving damaged homes, power outages and uprooted trees.** NV Energy crews worked to restore power to 33,000 customers throughout the Las Vegas area after a severe thunderstorm swept through July 19 causing evacuations, severed gas lines, and standing water on casino floors.
Source: http://www.reviewjournal.com/news/las-vegas/massive-thunderstorm-slams-las-vegas-leaving-damaged-homes-power-outages-and-uprooted

2. *July 19, Associated Press – (Pennsylvania)* **DOE study finds fracking chemicals didn't taint water.** The U.S. Department of Energy issued preliminary findings of a study that determined there was no evidence showing that chemicals from the natural gas drilling process moved up to contaminate drinking water aquifers at a western Pennsylvania drilling site. The study is ongoing however, and researchers found that chemical-laced fluids used to free gas trapped deep below the surface stayed thousands of feet below the shallower areas that supplied drinking water.

Water and Wastewater Systems Sector

20. *July 20, WXIX 19 Newport* – (Ohio) **Boil water advisory in effect for Highland County.** Leesburg village residents were advised to boil water following a July 20 main break in Highland County that may have led to water contamination.
Source: http://www.fox19.com/story/22893224/major-water-break-leaves-pipes-contaminated-in-highland-co

21. *July 20, My Everett News* – (Washington) **40 thousand gallons of raw sewage spills into Everett's Port Gardner Bay Saturday.** A power outage July 20 at an Everett sewer lift station caused approximately 40,000 gallons of raw sewage to leak into Port Gardner Bay, prompting the posting of signs warning people to stay out of the water

until collected water samples show the water quality is at a normal level.
Source: http://myeverettnews.com/2013/07/20/40-thousand-gallons-of-raw-sewage-spills-into-everetts-port-gardner-bay-saturday/

22. *July 20, WKBW 7 Buffalo* – (New York) **Service outage at Niagara Falls Wastewater Treatment Plant.** Four inches of rainfall overwhelmed the Niagara Falls Wastewater Treatment Plant's four main pumps July 19, rendering them inoperable and prompting crews to work to restore the plant to full service.
Source: http://www.wkbw.com/news/local/Service-Outage-at-Niagara-Falls-Wastewater-Treatment-Plant-216286951.html

23. *July 19, Associated Press* – (Illinois) **Illinois EPA warns against water with algal blooms.** The Illinois Environmental Protection Agency warned against swimming, boating, or conducting other activities in water contaminated with algal blooms citing the toxin can cause a range of illnesses.
Source: http://herald-review.com/news/state-and-regional/illinois-epa-warns-against-water-with-algal-blooms/article_33d04440-f084-11e2-8afa-001a4bcf887a.html

[Return to top]

Healthcare and Public Health Sector

24. *July 22, Bloomberg News* – (National) **States review rules after patients identified via health records.** Several States have begun privacy audits and reviews of their health data collection policies to ensure patients cannot be identified in publicly available databases of hospital records after a report uncovered some patients at Washington hospitals could be easily identified when a database sold by the State was combined with news articles and other public information. Washington suspended distribution of the information and developed a confidentiality agreement that all buyers must now sign as a result.
Source: http://www.businessweek.com/news/2013-07-22/states-review-rules-after-patients-identified-via-health-records

25. *July 21, Salem News* – (Massachusetts) **9 patients evacuated after report of oxygen leak at Lahey Clinic in Peabody.** Crews responded to an oxygen leak at Lahey Clinic Medical Center in Peabody July 21 that prompted the evacuation of the center and sent eight patients to another clinic in Burlington.
Source: http://www.salemnews.com/local/x1538947639/9-patients-evacuated-after-report-of-oxygen-leak-at-Lahey-Clinic-in-Peabody

26. *July 19, WBIR 10 Knoxville* – (Tennessee) **22 people treated at hospital after nursing home fire.** An accidental fire that started in a patient's room at Wynd Ridge Health and Rehab Center in Crossville July 19 sent 22 people, including 13 nursing home residents, to an area hospital for injuries. The fire started in the wall with an air conditioning unit.
Source: http://www.wbir.com/news/article/281134/2/13-nursing-home-residents-taken-to-hospital-after-fire

Government Facilities Sector

27. *July 22, Palm Springs Desert Sun* – (California) **Rains subdue California's Mountain Fire.** Firefighters reached 68 percent containment of California's Mountain Fire July 21 after it burned over 27,000 acres. Authorities lifted evacuation orders for roughly 4,000 residents in the Idyllwild-Fern Valley area and expected to fully surround the fire by July 24.
Source: http://www.usatoday.com/story/news/nation/2013/07/22/calif-wildfire-rain-containment/2574105/

28. *July 22, KPAX 8 Missoula* – (Montana) **West Mullan fire at 5,880 acres.** Crews continued to battle the West Mullan Fire burning near Superior, Montana, after the fire burned through 5,880 acres, forcing the closure of several roads and prompting evacuation orders.
Source: http://www.kpax.com/news/west-mullan-fire-at-5-880-acres/

29. *July 22, Elko Daily Free Press* – (Nevada) **Cattle Guard Fire contained, Smith Ranch Fire burns 6,000 acres.** Firefighters reached full containment of Nevada's Cattle Guard Fire that burned 3,880 acres while crews continued to battle the Smith Ranch Fire that burned 6,000 acres with 70 percent containment July 21.
Source: http://elkodaily.com/news/cattle-guard-fire-contained-smith-ranch-fire-burns-acres/article_aa24d816-f25c-11e2-b48d-001a4bcf887a.html

30. *July 21, Reuters* – (National) **US Marshals lose track of 2,000 encrypted radios.** The U.S. Marshals Service announced they will conduct a complete inventory review of their two-way radios after a July 21 report determined they lost track of roughly 2,000 encrypted two-way radios worth millions of dollars. The service is in the process of acquiring a new property management system and do not believe public safety was ever jeopardized as a result of the loss.
Source: http://news.msn.com/us/us-marshals-lose-track-of-2000-encrypted-radios

31. *July 21, WIVB 4 Buffalo* – (New York) **Beach closed at Darien Lakes State Park.** Officials with the New York State Office of Parks, Recreation, and Historic Preservation closed the beach at Darien Lakes State Park after heavy rainfall made the water unsuitable for swimming. Authorities will determine when the beach will reopen once results from water quality monitoring are reviewed July 22.
Source: http://www.wivb.com/dpp/news/new_york/ap_new_york/beach-closed-at-darien-lakes-state-park

32. *July 20, KTVB 7 Boise* – (Idaho) **Wildfires gaining ground in Boise National Forest.** Idaho Firefighters battled two separate wildfires in the Boise National Forest that burned over 1,000 acres by July 20. Several trails and campsites were closed as crews worked to establish fire lines.
Source: http://www.ktvb.com/news/Two-major-fires-burning-in-Boise-National-Forest-216191981.html

33. *July 20, Associated Press; Salt Lake City Deseret News* – (Utah) **Utah state park campground reopens after spill.** Four months after a Chevron Pipe Line Co. pipeline failed and leaked roughly 20,000 gallons of diesel fuel into soil and marshes, the Willard Bay State Park's North Campground and Marina reopened July 19 after the Utah Division of Water Quality deemed it safe. A preliminary investigation found that a seam along the 8-inch pipeline split caused the leak.
Source: http://www.myrtlebeachonline.com/2013/07/20/3595767/utah-state-park-campground-reopens.html

34. *July 20, WXIA 11 Atlanta* – (Georgia) **Possible HAZMAT situation at Atlanta Federal Building.** The Richard B. Russell Federal Building in Atlanta was evacuated for several hours July 19 after a suspicious package containing a white powdery substance was found. Four people were transported to an area hospital as officials investigated the incident believed to be related to two similar letters received at the Herald Gazette newspaper during the week of July 15.
Source: http://www.13wmaz.com/news/georgia/article/239696/52/Possible-HAZMAT-situation-at-Atlanta-Federal-Building-

35. *July 20, Associated Press* – (Ohio) **Tornado damages Ursuline College building, no injuries.** Ursuline College in Ohio closed their campus the weekend of July 20 after a tornado severely damaged several buildings and facilities.
Source: http://www.digtriad.com/news/national/article/291995/175/Tornado-Damages-Ursuline-College-Building-No-Injuries

36. *July 19, Bergen County Record* – (New Jersey) **Many NJ State websites offline after fire alarm goes off at data center.** A number of New Jersey State agency computer systems and Web sites were down for several hours July 19 after a fire alarm went off at a West Trenton data processing center. Officials are investigating the incident but believe the systems could have automatically shut down due to high temperatures.
Source:
http://www.northjersey.com/news/state/State_websites_offline_after_fire_alarm.html

37. *July 19, Associated Press* – (Texas) **Fort Bliss officials say radioactivity found at Cold War-era bunker not a health threat.** Fort Bliss officials announced contamination from a bunker on the west Texas military post was contained to the floor of one bunker at Biggs Army Airfield and that the radiation levels are equal to those naturally occurring in the environment. Investigators will conduct additional tests to search for potentially contaminated buildings, but authorities assured the public the ground water is safe and the buried containers have not seeped into ground water.
Source: http://www.startribune.com/lifestyle/health/216175881.html

[Return to top]

Emergency Services Sector

38. *July 21, Jackson Clarion-Ledger* – (Mississippi) **Hinds Co. inmates break out of cells.** Ten to 15 inmates broke out of their cells July 21, the latest of a recent number of disturbances at the Hinds County Detention Facility in Raymond, Mississippi, due to malfunctioning locks. Prison guards and the Hinds County SWAT team responded and kept the situation under control.
Source: http://www.clarionledger.com/article/20130722/NEWS/307210056/Inmates-break-out-cells

39. *July 20, Des Moines Register* – (Iowa) **Iowa 911 system glitch fixed after disruption.** A faulty piece of equipment on the Iowa Communications Network led to a 9-1-1 outage in several counties July 19. Crews were able to repair the lines July 20 while calls were temporarily rerouted to out-of-town call centers.
Source: http://www.desmoinesregister.com/article/20130721/NEWS/307210035/Iowa-911-system-glitch-fixed-after-disruption

40. *July 19, WTLV 12 Jacksonville; USA Today* – (Florida) **Deputies injured in Orange County chemical attack.** Four deputies and a civilian were sent to an area hospital for possible lye exposure July 18 after they were attacked by the civilian in Orange County, Florida. The officers were attempting to speak to the suspect, when they were attacked with a chemical.
Source: http://www.firstcoastnews.com/topstories/article/320539/483/Deputies-injured-in-chemical-attack

[Return to top]

Information Technology Sector

41. *July 22, Softpedia* – (International) **Spam botnet StealRat uses 2 hijacked sites, 1 computer to evade detection.** Trend Micro researchers identified a spam botnet dubbed StealRat which uses two compromised Web sites and one computer infected with malware to disguise spam emails and make them appear as if they were sent by the infected computer rather than a spam server.
Source: http://news.softpedia.com/news/Spam-Botnet-StealRat-Uses-2-Hijacked-Sites-1-Computer-to-Evade-Detection-370004.shtml

42. *July 22, IDG News Service* – (International) **SIM cards vulnerable to hacking, says researcher.** A researcher due to present his findings at the annual Black Hat conference reported that millions of mobile phones may be vulnerable to being tricked into granting access to information due to old encryption methods in SIM cards.
Source: https://www.computerworld.com/s/article/9240927/SIM_cards_vulnerable_to_hacking_says_researcher

43. *July 22, CNET News* – (International) **Researcher: Apple developer site hack? I meant no harm.** Apple reported that an intruder attempted to gain access to its

Developer Center Web site, and the site was shut down as a precaution. However, a security researcher claimed he was reporting vulnerabilities in the site to Apple shortly before it was shut down.
Source: http://news.cnet.com/8301-1009_3-57594804-83/researcher-apple-developer-site-hack-i-meant-no-harm/

44. *July 21, IDG News Service* – (International) **Ubuntu forum defaced, breached by hackers.** The Ubuntuforums.org Web site was breached and defaced by hackers July 20, with salted, encrypted passwords and email addresses exposed. The CEO of Canonical stated that the site would remain offline until it can be fixed.
Source: https://www.computerworld.com/s/article/9240932/Ubuntu_forum_defaced_breached_by_hackers

45. *July 20, Softpedia* – (International) **Cybercriminals increasingly use .lc domains in their attacks, experts say.** Researchers at Kaspersky found that Santa Lucia .lc domains are increasingly being used in malicious campaigns.
Source: http://news.softpedia.com/news/Cybercriminals-Increasingly-Use-LC-Domains-in-their-Attacks-Experts-Say-369692.shtml

46. *July 19, IDG News Service* – (International) **Panasonic pleads guilty to laptop battery pack price fixing.** Panasonic, a subsidiary, and LG Chem pleaded guilty to their role in laptop battery cell price fixing and agreed to pay about $12 million in fines. Panasonic will also pay $45.8 million for an automotive parts price fixing conspiracy.
Source: https://www.networkworld.com/news/2013/071913-panasonic-pleads-guilty-to-laptop-272008.html
