## Energy Sector

1. *July 24, Associated Press* – (International) **No sheen seen in water around burning Gulf gas rig.** Forty-four workers were evacuated from a portable drilling rig owned by Hercules Offshore Inc. after the natural gas well caught on fire July 23 following a blowout in the Gulf of Mexico. The blowout caused restrictions on maritime traffic and aircraft flying around the site.  
Source: <http://news.msn.com/us/fire-breaks-out-on-gulf-rig-after-natural-gas-blowout>
2. *July 24, Tulsa World* – (Oklahoma) **Storms knock out power to more than 100,000 overnight.** Utility companies around northeast Oklahoma worked to restore power to over 100,000 customers July 24 after severe thunderstorms moved through the area. Classes were postponed at the University of Tulsa while several recreation centers and businesses suffered damage from the storms.
