## **Transportation Systems Sector**

10. *August 5, Associated Press* – (Louisiana) **Train derails in La.; about 100 homes evacuated.** Over 20 cars of a train carrying sodium hydroxide derailed in Lawtell, prompting the evacuation of roughly 100 homes within one mile of the derailment August 4.  
Source: <http://news.msn.com/us/train-derails-in-la-about-100-homes-evacuated>
11. *August 5, WMBF 32 Myrtle Beach* – (South Carolina) **Dunn Shortcut Road opens after fatal plane crash.** Three people died in a fatal plane crash August 3 that prompted the closure of Dunn Shortcut Road in Conway, South Carolina, for over 24 hours.  
Source: <http://www.wmbfnews.com/story/23037694/officials-a-plane-has-crashed-in-the-wood-creek-subdivision>
12. *August 4, KAKE 10 Wichita* – (Kansas) **Overnight flooding brings road closures, evacuations.** Severe rainfall hit parts of central Kansas, causing road closures, evacuations, and flooding. Several roads and residential streets were completely washed out August 4.  
Source: <http://www.kake.com/news/headlines/Overnight-Flooding-Brings-Road-Closures--Evacuations-218275941.html>
13. *August 4, KKTV 11 Colorado Springs; Associated Press* – (Colorado) **Tunnel re-opened after deadly accident.** One person was killed and several others were injured in an accident in which a casino tour bus and two other vehicles collided, closing a portion of Colorado's Highway 6 from Highway 119 to Highway 58 for several hours August 4.  
Source: <http://www.kktv.com/home/headlines/Fatal-Accident-Shuts-Down-Highway-218280881.html>
14. *August 4, KWWL 7 Waterloo* – (Iowa) **Fatal semi accident in Linn County.** The driver of a semi tanker died in an accident that prompted the closure of the ramp from southbound Highway 13 to eastbound Highway 30 in Linn County for several

hours August 4.

Source: <http://www.kwwl.com/story/23040962/2013/08/04/fatal-semi-accident-in-linn-county>

15. *August 4, KKCD 11 Grand Junction* – (Colorado) **Hazmat spill closes Loveland Pass.** A tanker carrying diesel fuel and gasoline crashed and rolled August 3, spilling at least 4,000 pounds of fuel and prompting the closure of Loveland Pass in Summit County indefinitely during cleanup and an investigation.

Source: <http://www.nbc11news.com/home/headlines/Overnight-hazmat-spill-closes-Loveland-Pass-218308741.html>

16. *August 4, Lake Wales Daily Ridge* – (Florida) **Bartow woman killed in Hwy 60 accident.** State Route 60 in Mulberry was reduced to one lane in each direction for approximately 4 hours following a fatal accident August 3.

Source: <http://dailyridge.com/headlines-now/2013/08/04/bartow-woman-killed-in-hwy-60-accident/>

17. *August 2, Beaver Dam Daily Citizen* – (Wisconsin) **Gas leak leads to evacuation in Brownsville.** A gas leak August 2 in Brownsville diverted traffic on Highway 49 for several hours and led to evacuations while crews worked to shut off the gas.

Source: [http://www.wiscnews.com/bdc/news/local/article\\_1f318cbe-fbf7-11e2-b139-0019bb2963f4.html](http://www.wiscnews.com/bdc/news/local/article_1f318cbe-fbf7-11e2-b139-0019bb2963f4.html)

[\[Return to top\]](#)

## **Food and Agriculture Sector**

18. *August 2, Argus Observer* – (Idaho) **Ammonia leak temporarily closes Dickerson's Frozen Food plant.** Dickinson's Frozen Foods plant in Fruitland was closed for several hours July 31 because of an anhydrous ammonia leak. The plant was ventilated, cleaned up, and production resumed August 1.

Source: [http://www.argusobserver.com/news/ammonia-leak-temporarily-closes-dickinson-s-frozen-food-plant/article\\_f39a9a74-fb91-11e2-9951-001a4bcf887a.html](http://www.argusobserver.com/news/ammonia-leak-temporarily-closes-dickinson-s-frozen-food-plant/article_f39a9a74-fb91-11e2-9951-001a4bcf887a.html)

19. *August 2, Food Safety News* – (Arizona) **Arizona Mexican restaurant linked to E. coli outbreak.** Health officials in Arizona's Maricopa County identified an E. coli outbreak linked to Federico's Mexican Restaurant in Litchfield Park that has sickened at least 11 people and may be responsible for 4 additional cases. The restaurant voluntarily closed while investigators worked to determine the outbreak source.

Source: <http://www.foodsafetynews.com/2013/08/arizona-mexican-restaurant-linked-to-e-coli-outbreak/>

20. *August 2, KTVQ 2 Billings* – (Montana) **Crop damages estimated at millions of dollars in Gallatin County after storm.** A severe storm August 1 was believed to have caused millions of dollars of damage to Gallatin County crops.

Source: <http://www.ktvq.com/news/crop-damages-estimated-at-millions-of-dollars-in-gallatin-county-after-storm/#>

21. *August 2, Food Safety News* – (National) **Cyclospora outbreak linked to Taylor Farms Salad, some served at Olive Garden and Red Lobster.** According to the U.S. Food and Drug Administration, the outbreak of Cyclospora in Iowa and Nebraska that caused hundreds of confirmed illnesses was linked to Mexican-grown Taylor Farms salad mix. Some of the contaminated salad mix was served at Olive Garden and Red Lobster restaurants and investigators believe the product expired and is no longer on the market.  
Source: <http://www.foodsafetynews.com/2013/08/cyclospora-outbreak-linked-to-taylor-farms-salad-some-served-at-olive-garden-and-red-lobster/>

[\[Return to top\]](#)

## **Water and Wastewater Systems Sector**

22. *August 2, WBIR 10 Knoxville* – (Tennessee) **9,500 gallons of sewage spews into Fall Creek and Cherokee Lake.** A contractor's bypass pump failed while making repairs to a Morristown sewage line August 2, causing a 9,500 gallon sewage spill in Falls Creek and ultimately Cherokee Lake.  
Source: <http://www.wbir.com/news/article/282988/2/9500-gallons-of-sewage-spews-into-Fall-Creek-and-Cherokee-Lake>
23. *August 2, Willoughby News Herald* – (Ohio) **Boil-water notice still in effect for Springfield.** A precautionary boil-water advisory was set in place for several Springfield, Ohio neighborhoods August 2 following water service disruption during repairs to a manhole. The advisory was expected to remain in effect 2 additional days to permit satisfactory bacteriological results.  
Source: <http://www.newsherald.com/news/boil-water-notice-still-in-effect-for-springfield-1.181676>

## **Healthcare and Public Health Sector**

Nothing to report

[\[Return to top\]](#)

## **Government Facilities Sector**

24. *August 5, Fresno Bee* – (California) **Containment of Aspen fire hits 70%.** The U.S. Forest Service announced 70 percent containment of the 20,252-acre Aspen Fire burning north of Huntington Lake August 4. Several roads and campgrounds remained closed.  
Source: <http://www.fresnobee.com/2013/08/04/3424501/containment-of-aspen-fire-hits.html>

25. *August 4, Wenatchee Complex Command Post* – (Washington) **Colockum Tarps Fire now at 80,400 acres, 60% contained.** Crews reached 60 percent containment of Washington's Colockum Tarps Fire that burned 80,400 acres by August 4. Evacuation orders remained in effect due to the potential spread of the fire outside fire lines.  
Source: <http://www.khq.com/story/23037599/colockum-tarps-fire-now-at-80000-acres-60-contained>
26. *August 4, Associated Press* – (International) **Some embassies to remain closed through Saturday.** The U.S. Department of State announced that several U.S. diplomatic posts worldwide will remain closed through August 10, while several others reopened August 5, after a terrorist threat was received.  
Source: <http://news.msn.com/us/some-embassies-to-remain-closed-through-saturday>
27. *August 3, Associated Press* – (Oregon) **40,000 acres charred as Ore. wildfires continue to burn.** Oregon firefighters continued battling the Douglas Complex fires that scorched over 40,000 acres in the State by August 3.  
Source: <http://www.kgw.com/news/Higher-temps-welcome-governor-to-Oregon-wildfire-218225251.html>
28. *August 3, Associated Press* – (Virginia) **F-16s collide off Va. coast; one pilot rescued at sea.** The U.S. Coast Guard rescued a pilot off the Virginia coast August 1 after two District of Columbia Air National Guard fighter jets collided midair, forcing one to eject into the sea and another to fly back to Joint Base Andrews, Maryland. The cause of the collision is under investigation.  
Source: <http://news.msn.com/us/f-16s-collide-off-va-coast-one-pilot-rescued-at-sea>
29. *August 3, Kitsap Sun* – (Washington) **Contamination closes Potlatch State Park beach.** Authorities closed the beach at Potlatch State Park to swimming and shellfish harvesting August 3 after a large septic system failed and spread bacterial contamination.  
Source: <http://www.kitsapsun.com/news/2013/aug/03/contamination-closes-potlatch-state-park-beach/#axzz2b6OHQsL7>
30. *August 2, WVVA 6 Bluefield* – (West Virginia) **More than \$20K in copper stolen from former high school.** Police are investigating the theft of \$20,000 worth of copper wiring from the former Rainelle High School in West Virginia. The facility is in the process of being converted into a youth center and authorities believe more than one person was involved in the crime.  
Source: <http://www.wvva.com/story/23033675/2013/08/02/more-than-20k-in-copper-stolen-from-former-high-school>
31. *August 2, Associated Press* – (Kentucky) **Road construction closes damaged Inez high school.** Education officials in Martin County closed Sheldon Clark High School after nearby blasting from a construction site caused cracks in the walls and floors of the building. High school and middle school students were moved for the 2013 academic school year and consolidated into nearby schools.

Source: <http://www.weku.fm/post/road-construction-closes-damaged-inez-high-school>

32. *August 2, Associated Press* – (Missouri) **18 injured in Montgomery County I-70 bus accident.** A Missouri School for the Deaf in Fulton bus overturned in Montgomery County, Missouri, August 2 and left 18 injured, including 15 students. The students were transported to an area hospital along with two chaperones and the driver who were also injured.

Source: <http://www.kbia.org/post/18-injured-montgomery-county-i-70-bus-accident>

33. *August 2, Oklahoma City Oklahoman* – (Oklahoma) **Oklahoma's websites, phone services down.** Telephone service, email, and Web sites were down for Oklahoma's State agencies for 4 to 6 hours after a power switch button at the State's data center was inadvertently pushed August 2.

Source: <http://newsok.com/oklahomas-websites-phone-service-down/article/3868562>

[\[Return to top\]](#)

## **Emergency Services Sector**

34. *August 5, Billings Gazette* – (Montana) **Man in custody after 75-mile chase in stolen ambulance.** An American Medical Response ambulance was stolen from a Billings restaurant parking lot August 3 and after leading police on a 75-mile chase, the driver crashed and was arrested near Big Horn County.

Source: [http://mtstandard.com/news/local/state-and-regional/man-in-custody-after--mile-chase-in-stolen-ambulance/article\\_1f44425e-fd92-11e2-8654-001a4bcf887a.html](http://mtstandard.com/news/local/state-and-regional/man-in-custody-after--mile-chase-in-stolen-ambulance/article_1f44425e-fd92-11e2-8654-001a4bcf887a.html)

35. *August 4, WLTX 19 Columbia* – (South Carolina) **Lee County ambulance on fire.** Authorities are investigating the cause of a fire at the Lee County Emergency Medical Services Base in Bishopville that destroyed two ambulances and damaged a third August 4.

Source: <http://www.wltx.com/news/article/244893/2/Lee-County-Ambulance-on-Fire>

36. *August 2, Associated Press* – (Ohio) **Review finds 75 Cleveland police officers violated department rules in deadly chase last fall.** Officials found that 75 patrol officers violated orders and police department rules in a November 2012 deadly chase in Cleveland, where two people were killed after officer's fired 137 shots at them. Twelve supervisors were also punished after an investigation into the incident.

Source: <http://www.foxnews.com/us/2013/08/02/review-finds-75-cleveland-police-officers-violated-department-rules-in-deadly/>

[\[Return to top\]](#)

## **Information Technology Sector**

37. *August 5, Threatpost* – (International) **BREACH compression attack steals HTTPS secrets in under 30 seconds.** Browser Reconnaissance and Exfiltration via Adaptive Compression of Hypertext (BREACH) an attack that enables the reading of encrypted

messages via plaintext injection into an HTTPS request, prompted an advisory after it was demonstrated at the Black Hat 2013 conference.

Source: <https://threatpost.com/breach-compression-attack-steals-https-secrets-in-under-30-seconds/101579>

38. *August 5, Wired.com* – (International) **Feds are suspects in new malware that attacks Tor anonymity.** A piece of malware that exploits a vulnerability in Firefox 17 and redirects connections over The Onion Router (TOR) network so users' true IP addresses can be discerned was found on several Web sites hosted by Freedom Hosting.  
Source: <http://www.wired.com/threatlevel/2013/08/freedom-hosting/>
39. *August 5, Softpedia* – (International) **Experts say 10 companies are responsible for 60% of Russian mobile malware.** Security firm Lookout released a study of Russian mobile malware and found that 10 organizations were responsible for creating 60% of mobile malware originating in Russia, among other findings.  
Source: <http://news.softpedia.com/news/Experts-Say-10-Companies-Are-Responsible-for-60-of-Russian-Mobile-Malware-373107.shtml>
40. *August 5, Softpedia* – (International) **Samsung Smart TVs can be hijacked, researchers warn.** Researchers from ISEC Partners at the Black Hat 2013 conference demonstrated several vulnerabilities in Samsung Smart TVs that can be exploited to obtain sensitive information or spy via webcam.  
Source: <http://news.softpedia.com/news/Samsung-Smart-TVs-Can-Be-Hijacked-Researchers-Warn-373064.shtml>
41. *August 5, V3.co.uk* – (International) **IPv6 is latest tool for stealing credit card numbers and passwords.** Security firm Neohapsis warned that the lack of implementation of the IPv6 protocol could allow attacks to monitor networks or redirect users to malicious pages by setting up a false IPv6 version of an IPv4 connection. Modern operating systems will then select the IPv6 connection due to their inbuilt preference for the protocol.  
Source: <http://www.v3.co.uk/v3-uk/news/2286734/ipv6-is-latest-tool-for-stealing-credit-card-numbers-and-passwords>
42. *August 4, IDG News Service* – (International) **Android one-click Google authentication method puts users, businesses at risk.** A Tripwire researcher at the DEF CON 21 conference detailed a way in which the weblogin feature on Google sites can be used to give attackers access to Google accounts. The researcher published a proof-of-concept app that can steal weblogin tokens and send them to the attacker for use.  
Source: [https://www.computerworld.com/s/article/9241355/Android\\_one\\_click\\_Google\\_authentication\\_method\\_puts\\_users\\_businesses\\_at\\_risk](https://www.computerworld.com/s/article/9241355/Android_one_click_Google_authentication_method_puts_users_businesses_at_risk)
43. *August 2, PC Magazine* – (International) **Smart bot reads your Facebook, mimics you in spear phishing messages.** Trustwave researchers presented findings on how social

media is used to generate spearphishing attacks and released a tool called Microphisher which automates the monitoring of a target's social media in order to develop a 'fingerprint' of believable language patterns to better impersonate the target.

Source: <http://securitywatch.pcmag.com/security/314402-smart-bot-reads-your-facebook-mimics-you-in-spear-phishing-messages>

44. *August 2, Techworld* – (International) **Phishing attacks show sudden drop as criminals use servers for DDoS.** The Anti-Phishing Working Group released their first quarter 2013 report, which found that detected phishing Web sites fell 20 percent in the quarter as cybercriminals switched servers to malware distribution or distributed denial of service (DDoS) attacks.

Source: <http://news.techworld.com/security/3462159/phishing-attacks-show-sudden-drop-as-criminals-use-servers-for-ddos/>

45. *August 2, Computerworld* – (International) **Attackers turning to legit cloud services firms to plant malware.** A researcher at Zscaler presented findings at the Black Hat 2013 conference that showed cybercriminals are increasing their use of legitimate cloud services to distribute their malware.

Source:

[https://www.computerworld.com/s/article/9241324/Attackers\\_turning\\_to\\_legit\\_cloud\\_services\\_firms\\_to\\_plant\\_malware](https://www.computerworld.com/s/article/9241324/Attackers_turning_to_legit_cloud_services_firms_to_plant_malware)

46. *August 2, MIT Technology Review* – (International) **Chinese hacking team caught taking over decoy water plant.** A Trend Micro researcher presented the results of a project which set up fake industrial control systems purporting to be connected to water plant systems, and found that the Comment Crew/APT1 Chinese hacking group had targeted and compromised one decoy system, among other project results.

Source: <http://www.technologyreview.com/news/517786/chinese-hacking-team-caught-taking-over-decoy-water-plant/>
