## **Energy Sector**

1. *July 2, Salt Lake City Deseret News* – (Utah) **Green River oil spill visually clean, but monitoring continues.** The U.S. Bureau of Land Management reported July 2 that it could take up to 2 years before they issue a complete all-clear to the site of a May 21 oil well leak that reached the Green River in Salt Lake City after officials issued a preliminary all-clear in June. The bureau reported that it will continue monitoring the site and is awaiting a response from the well's operator, SW Energy, after issuing a violation notice.

## **Chemical Industry Sector**

2. *July 3, WBOY 12 Clarksburg* – (West Virginia) **Corrosive chemical leak closes I-79 welcome center in Monongalia County.** Corrosive materials, including potassium chloride, leaked from the trailer of a semi-truck parked at the West Virginia Welcome Center on I-79 in Monongalia County for about 12 hours July 2. The welcome center was closed for several hours while crews contained the spill and cleaned the scene.  
Source: <http://www.wboy.com/story/25926632/corrosive-chemical-leak-closes-i-79-welcome-center-in-monongalia-county>
3. *July 2, Associated Press* – (Louisiana) **Westlake Chemical fire probe closed.** A Louisiana Department of Environmental Quality representative stated July 1 that the agency's investigation of a June fire at Westlake Chemical Corp.'s vinyl facility in Ascension Parish was closed, and company officials reported that air releases from the blaze did not exceed pollution limits. No injuries were reported and air monitoring did not reveal any off-site impacts.

10. *July 2, Associated Press* – (New York; California) **Ex-NY policeman pleads guilty to company theft**. A former New York police officer who was also the former vice president of Fidelity National Title Group pleaded guilty July 2 to stealing roughly \$469,000 from the company and spending it on gambling. In 2009 the suspect arranged for a vendor to send the money to a bank account he controlled and used the funds for personal use.  
Source: <http://www.utsandiego.com/news/2014/Jul/02/ex-ny-policeman-pleads-guilty-to-company-theft/>
11. *July 2, Securityweek* – (International) **New Android malware targets banking apps, phone information: FireEye**. FireEye researchers identified a piece of Android malware known as HijackRAT that disguises itself as a ‘Google Service Framework’ and is capable of disabling antivirus applications, stealing banking credentials and personal information, and remotely accessing infected devices. The malware is currently targeting banks in Korea but can be easily modified to target others.  
Source: <http://www.securityweek.com/new-android-malware-targets-banking-apps-phone-information-fireeye>
12. *July 2, U.S. Securities and Exchange Commission* – (Minnesota) **Court imposes officer and director bar, injunction and monetary sanctions against Minneapolis attorney based on fraud verdict**. The U.S. Securities and Exchange Commission announced July 2 that a judge imposed sanctions against a Minneapolis attorney, Capital Solutions Monthly Income Fund, and Transactional Finance Fund Management (TFFM) for allegedly engaging in securities fraud by issuing false and misleading statements to investors and fraudulently issuing a series of unregistered offerings of interest. The attorney was barred from serving as an officer or director of a publicly traded company for 10 years, and sanctions totaling \$19.7 million were levied against the attorney, the fund, and TFFM.  
Source: <http://www.sec.gov/litigation/litreleases/2014/lr23036.htm>
13. *June 30, Southern California City News Service* – (California) **San Diego CPA convicted in elaborate tax evasion scheme**. A San Diego certified public accountant was convicted June 30 for running an identity theft and tax evasion scheme where he used the identities of deceased individuals to open bank accounts and then transferred funds to those accounts in order to hide his income from the Internal Revenue Service. The man failed to report \$5 million in income and owed the IRS \$1.6 million.

## **Healthcare and Public Health Sector**

Nothing to report

[\[Return to top\]](#)

## **Government Facilities Sector**

22. *July 3, Associated Press* – (California) **California wildfire grows, makes runs**

**overnight.** Fire crews reached 30 percent containment of the 3,800-acre Butts Fire in Pope Valley July 3 that caused the evacuation of about 200 homes. Two homes and seven other structures were damaged while hundreds of others remained threatened in Napa Valley.

Source: <http://news.msn.com/us/california-wildfire-threatens-wine-country-homes>

23. *July 2, Waterloo-Cedar Falls Courier* – (Iowa) **Floods close campgrounds, parks for July Fourth weekend.** Several campgrounds in Black Hawk County and throughout Iowa were closed the week of June 30 due to flooding caused by a storm. Crews worked to clean up and clear downed trees and other damage.  
Source: [http://wfcourier.com/news/local/floods-close-campgrounds-parks-for-july-fourth-weekend/article\\_0bb2d56d-7109-5ee6-b557-b5320cb32a1f.html](http://wfcourier.com/news/local/floods-close-campgrounds-parks-for-july-fourth-weekend/article_0bb2d56d-7109-5ee6-b557-b5320cb32a1f.html)
24. *July 2, WLNS 6 Lansing* – (Michigan) **Two in custody after bomb threat at Spartan Stadium.** Police arrested two suspects in connection to a bomb threat that prompted the evacuation of Michigan State University's Spartan Stadium in East Lansing July 2 for about 2 hours. No bomb was found after authorities searched the stadium.  
Source: <http://www.wlns.com/story/25928395/threat-prompts-evacuation-of-spartan-stadium>
25. *July 2, KTXL 40 Sacramento* – (California) **4 students test positive for active TB.** Sacramento County health officials reported that four more students tested positive for active tuberculosis after testing at Grant Union High School began in February when a student initially tested positive for the infection, bringing the total number of cases to 120.  
Source: <http://fox40.com/2014/07/02/4-students-test-positive-for-active-tb/>
26. *July 2, KFOR 4 Oklahoma City* – (Oklahoma) **School bus crash in Norman sends 15 children to hospital.** Fifteen children and an adult were transported to an area hospital with injuries after a school bus transporting children to summer camp and a car struck head-on in Norman July 2.  
Source: <http://kfor.com/2014/07/02/school-bus-crash-in-norman-and-sends-a-dozen-children-to-hospital/>
27. *July 2, U.S. Environmental Protection Agency* – (Alaska) **Fort Wainwright reduces water contamination risk from fuel tanks in EPA settlement.** The U.S. Army entered into a settlement with the U.S. Environmental Protection Agency July 2 after inspections at Fort Wainwright Garrison in Alaska found that from at least 2012 to 2013 Fort Wainwright failed to perform leak detection tests, monitor underground storage tanks regularly, and investigate releases as required by law. The U.S. Army agreed to improve management of its fuel storage tanks and comply with federal law designed to protect groundwater and pay a penalty of \$158,700.

## **Information Technology Sector**

30. *July 3, Securityweek* – (International) **Enhanced KIVARS malware now attacks 64-bit systems.** Researchers with Trend Micro analyzed a new version of the KIVARS malware that is capable of targeting systems running 64-bit operating systems. The malware is distributed using the TROJ\_FAKEWORD.A dropper and is capable of several data-stealing and remote actions. Source: <http://www.securityweek.com/enhanced-kivars-malware-now-attacks-64-bit-systems>
31. *July 3, The Register* – (International) **Oh SNAP! Old-school '80s Unix hack to smack OSX, iOS, Red Hat?** Researchers with DefenseCode released a white paper outlining how Unix-based systems could be vulnerable to hijacking via a class of vulnerabilities involving 'wildcard' characters in filenames. The vulnerability could allow attackers to inject arbitrary arguments to shell commands run by other users. Source: [http://www.theregister.co.uk/2014/07/03/unix\\_wildcard\\_vuln\\_lets\\_hackers\\_modify\\_shell\\_scripts/](http://www.theregister.co.uk/2014/07/03/unix_wildcard_vuln_lets_hackers_modify_shell_scripts/)
32. *July 3, Softpedia* – (International) **Ruby on Rails receives security fixes.** Updates for the Ruby on Rails Web application framework were released that include fixes for two vulnerabilities that affected PostgreSQL. Source: <http://news.softpedia.com/news/Ruby-on-Rails-Receives-Security-Fixes->

[449322.shtml](#)

33. *July 2, The Register* – (International) **Running Cisco's VoIP manager? Four words you don't want to hear: 'Backdoor SSH root key'.** Cisco warned users of its Unified Communications installations that a vulnerability exists in its Unified Communications Domain Manager (Unified CDM) software that can allow an unauthenticated attacker to gain root access by exploiting a default SSH key designed for use by Cisco support representatives. The vulnerability is present in all versions of Cisco Unified CDM prior to version 4.4.2 and users were advised to update the software, or to filter SSH access as a stopgap measure.
