## **Energy Sector**

1. *October 8, Corpus Christi Caller-Times* – (Texas) **Tank leaks at Flint Hills, blocks corridor Tuesday night.** Officials spent over 4 hours working to contain a vapor release of sulfur dioxide and hydrogen sulfide at the Flint Hills Resources' West Refinery in Corpus Christi October 7 which caused the evacuation of all nonessential personnel while crews monitored the air quality. Authorities closed a portion of the Joe Fulton Corridor for more than 2 hours during the incident.

## **Nuclear Reactors, Materials, and Waste Sector**

4. *October 7, Associated Press* – (California) **Inspector faults regulator on San Onofre**

**nuclear plant review.** The U.S. Nuclear Regulatory Commission's (NRC) Inspector General released a report October 7 stating that an NRC inspection in 2009 failed to recognize deficiencies in the way the swapping of steam generators at the San Onofre nuclear power plant in California was conducted. The plant was idled in 2012 and then closed in 2013 due to issues arising from the new steam generators.

## **Financial Services Sector**

6. *October 8, Softpedia* – (International) **Largest US bond insurer suffers major data leak.** A security researcher with Seely Security identified, and another researcher reported, that around 230 pages of sensitive customer information from bond insurer MBIA was available online and indexed by search engines due to a misconfigured server. MBIA responded by taking the server offline that caused the exposure of customer account numbers, balances, dividends, and other information, including for accounts linked to government institutions.  
Source: <http://news.softpedia.com/news/Largest-US-Bond-Insurer-Suffers-Major-Data-Leak-461400.shtml>
7. *October 7, Softpedia* – (International) **Tyupkin is new ATM malware that allows cash extraction without card.** Researchers with Kaspersky Lab identified and analyzed a new piece of ATM malware known as Tyupkin that is installed on ATMs through a bootable CD and can allow attackers to withdraw currency without a card. The malware includes several security features to prevent access and analysis and was mostly found in Eastern Europe as well as some cases in the U.S., Asia, and Western

Europe.

[\[Return to top\]](#)

## **Transportation Systems Sector**

11. *October 8, KHOU 11 Houston* – (Texas) **American Airlines flight makes emergency landing over Ebola scare after passenger gets sick.** An American Airlines flight made an emergency landing at Midland International Airport and Spaceport in Texas October 7 due to an Ebola scare after a passenger became ill on the plane. Authorities removed and treated the passenger after determining that she likely did not have the disease.  
Source: <http://houston.cbslocal.com/2014/10/08/american-airlines-flight-makes-emergency-landing-over-ebola-scare-after-passenger-gets-sick/>
12. *October 8, Associated Press* – (California) **California pilot dies fighting wildfire.** A contracted DynCorp., pilot was killed October 7 when his single-person air tanker plane crashed while he was fighting a rapidly spreading wildfire near Yosemite

National Park in California.

Source: <http://www.msn.com/en-us/news/us/california-pilot-dies-in-crash-fighting-wildfire/ar-BB85VKQ>

13. *October 8, Portage Daily Register* – (Wisconsin) **Crash spills 1,000 gallons of fuel near Randolph.** An estimated 1,000 gallons of gasoline spilled when a semi-truck hauling about 8,500 gallons of gasoline and diesel fuel swerved and crashed on Highway 73 in Columbia County October 7, shutting down the highway for nearly 12 hours while crews cleared the scene and removed the gasoline and diesel fuel.  
Source: [http://host.madison.com/news/local/crime\\_and\\_courts/crash-spills-gallons-of-fuel-near-randolph/article\\_d5a0931c-c5d9-5d1e-bd37-a9c8ffff169a.html](http://host.madison.com/news/local/crime_and_courts/crash-spills-gallons-of-fuel-near-randolph/article_d5a0931c-c5d9-5d1e-bd37-a9c8ffff169a.html)
14. *October 7, WLWT 5 Cincinnati* – (Ohio) **Dozens of cattle escape after Tri-State truck crash.** Four cows were killed and 90 others escaped October 6 after a semi-truck hauling the cattle crashed near the intersection of U.S. 62 and Ohio 72 in Leesburg, Ohio, forcing the closure of parts of the roadways for several hours while responders worked to capture the cows. Around 60-70 cows were still loose as of early October 8.
