- 5. December 8, Cleveland Plain Dealer (Ohio) Federal fraud charges filed against Copley man for \$17 million Ponzi scheme with 70 victims. A Copley Township man who was a co-owner and operator of KGTA Petroleum Ltd., was charged December 8 for allegedly operating the company as a Ponzi scheme, defrauding 70 investors of around \$17 million between 2010 and 2014. The man and others, including three PrimeSolutions Securities Inc. representatives, also allegedly failed to file appropriate documentation with the U.S. Securities and Exchange Commission for the company. Source: http://www.cleveland.com/court-justice/index.ssf/2014/12/federal_fraud_charges_filed_ag.html
- 6. December 6, Tulsa World (National) Former Arrow CEO indicted on 23 counts of bank, tax fraud. The former CEO of nationwide trucking company Arrow Trucking Co., pleaded guilty December 5 in federal court in Texas for allegedly conspiring with others to defraud the Internal Revenue Service and a Utah bank of \$24 million in a fraud and tax evasion scheme that operated in 2009. The former CFO of the company previously pleaded guilty December 4 to tax fraud and bank fraud charges. 16. December 8, WCBS 2 New York City; Associated Press — (New York) 6 charged, including 2 former Islip town officials, in illegal-dumping probe on Long Island. Six individuals were charged, including the former Islip town parks commissioner and his former secretary, following an investigation into the alleged illegal dumping of more than 1,700 truckloads of debris at four Long Island sites. Investigators found about 50,000 tons of debris tainted with asbestos, pesticides, and other material at Islipowned Roberto Clemente Park in Brentwood and determined the individuals were

allegedly hauling the demolition debris from New York City in order to avoid costly legal disposal.

Source: http://newyork.cbslocal.com/2014/12/08/6-charged-in-illegal-dumping-probe-on-long-island/

17. *December 8, Moscow-Pullman Daily News* – (Idaho) **No bomb at MHS.** Moscow High School in Idaho was evacuated and classes were dismissed December 8 due to a bomb threat. Police cleared the scene after nothing suspicious was found and continue to investigate the threat.

systems

- 18. December 9, Securityweek (International) Newly discovered 'Turla' malware targets Linux systems. Kaspersky Lab researchers identified a piece of malware targeting Linux systems associated with the Turla advanced persistent threat (APT) group (also known as Uroburos or Snake) that is based on the cd00r proof-of-concept backdoor and is capable of hidden network communications, remote management, and arbitrary remote command execution. Previous versions of Turla malware have targeted Windows systems in government agencies, military groups, educational institutions, pharmaceutical companies, and other targets in more than 45 countries.

 Source: http://www.securityweek.com/newly-discovered-turla-malware-targets-linux-
- 19. *December 9, Reuters* (International) **Fraud from bots represents a loss of \$6 bln in digital advertising.** The Association of National Advertisers and researchers with White Ops released a report December 9 which found that around 25 percent of video ads and 11 percent of display ads online are viewed by automated bots set up by cyber criminals to inflate Web site audiences. The researchers stated that such fraud could cost advertisers an estimated \$6.3 billion in the next year.

Source: http://www.reuters.com/article/2014/12/09/advertising-fraud-study-idUSL1N0TS19220141209

20. *December 9, Softpedia* – (International) **POODLE attack also affects some TLS implementations.** A researcher with Google reported that certain implementations of Transport Layer Security (TLS) with an SSL 3.0 decoding function can be exploited

through POODLE attacks to decrypt sensitive information. The researcher identified the vulnerability in older versions of Network Security Services (NSS) as well as in Web sites administered by Bank of America with load balancing devices from A10 Networks and F5 Networks.

Source: http://news.softpedia.com/news/POODLE-Attack-Also-Affects-Some-TLS-Implementations-466944.shtml

- 21. December 9, Help Net Security (International) Info on millions of AliExpress customers could have been harvested due to site flaw. A security researcher identified and reported a flaw in the AliExpress online marketplace that could have allowed a logged-in user to exploit an insecure direct object reference vulnerability to view other users' names, addresses, and phone numbers. Alibaba, parent company of AliExpress, closed the vulnerability after the researcher's report. Source: http://www.net-security.org/secworld.php?id=17741
- 22. December 8, Softpedia (International) Yik Yak flaw de-anonymizes user, allows control over account. SilverSky researchers identified and reported a vulnerability in the Yik Yak anonymous social media platform for iOS that could allow an attacker to discover the identity of a user and take over their account due to the Flurry advertising tool sending the app's secure ID used by the app in the place of a password without encryption. The researchers reported the issue to Yik Yak and a patch was released in December.

Commercial Facilities Sector

- 24. December 9, Richmond Times-Dispatch (Virginia) Gas leak forces evacuation, detours around S. Richmond apartment building. Around 150 residents were evacuated from the Hopper Lofts apartment building in south Richmond December 9 due to a gas leak. City utilities officials reported that residents were expected to be allowed back into their apartments about 8 hours from the time the leak was reported. Source: http://www.timesdispatch.com/news/local/gas-leak-forces-evacuation-detours-around-s-richmond-apartment-building/article_86958708-c984-5b07-8f83-52e1f30fd791.html
- 25. December 8, WCBS 2 New York City; Associated Press (New Jersey) Dozens displaced after 4-alarm fire rips through 3 buildings in Newark. A 4-alarm fire December 8 tore through 3 buildings in Newark that house street-level stores and apartments, causing a partial structure collapse. Two firefighters were injured and 29 residents were displaced by the fire.

 Source: http://newyork.cbslocal.com/2014/12/08/dozens-displaced-after-4-alarm-fire-rips-through-3-buildings-in-newark/
- 26. December 8, Los Angeles Times (California) L.A. fire: Damage to 110 Freeway estimated at \$1.5 million, at least. Authorities reported that a December 8 fire that engulfed the under-construction Da Vinci apartment building in Los Angeles caused an estimated \$10 million in structural damage to the development, while nearby buildings including a government building were also damaged. A portion of the 110 Freeway that runs adjacent to the structure suffered an estimated \$1.5 million in damage to road signs, wooden guardrails, rubber sealant, and metal posts.

 Source: http://www.latimes.com/local/lanow/la-me-ln-la-fire-damage-costs-20141208-story.html
- 27. *December 7, Kingston Daily Freeman* (New York) **Town of Ulster Walmart, other stores reopen after threat, evacuation, police say.** At least three businesses located at a shopping plaza in the Town of Ulster were evacuated December 6 while authorities investigated a threatening call that was phoned in to a Walmart store at the shopping complex. The stores reopened after about 2 hours following a police search that cleared the scene.
